

I know about...
ants!

Old!

Ants were even around at the same time as dinosaurs!

That's huge!

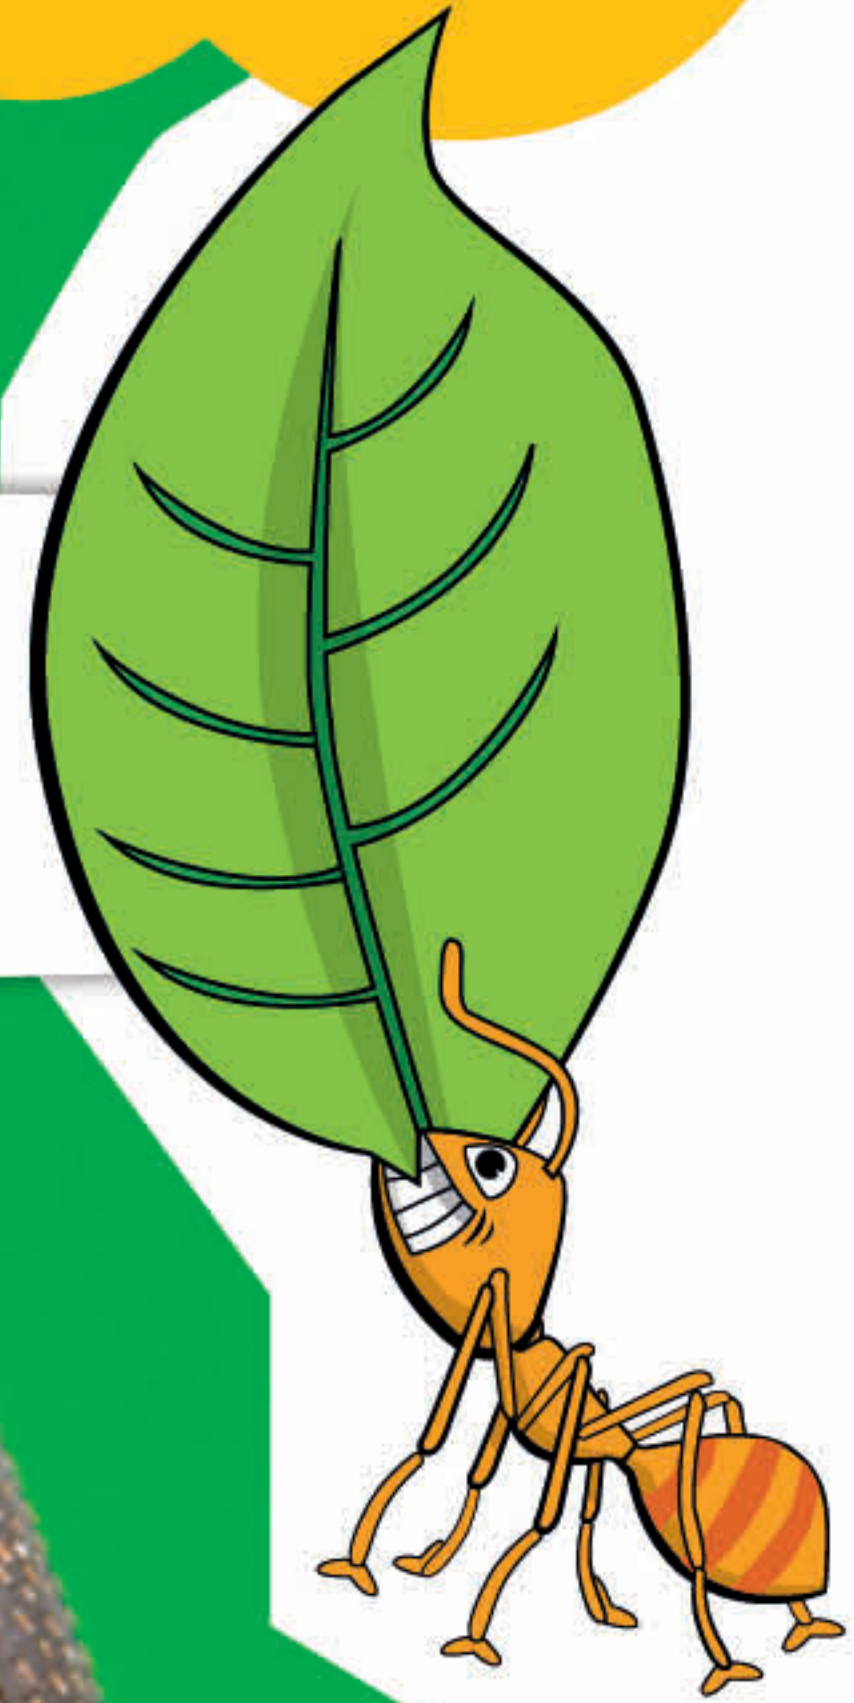

The largest ant species ever discovered was **2.4 inches** long!

Look for ants around you. What are they doing? Send in a photo to: iknow@redan.com

Wow!

An ant can lift 50 times its own body weight!

Follow

Use your finger, or a pencil, to help the ant find its way out of the ant-hill.
