MAKE

Paint a shoe box blue and hang your fish with thread to make an underwater scene.

1 Use a pencil to draw a fish shape on a piece of foil.

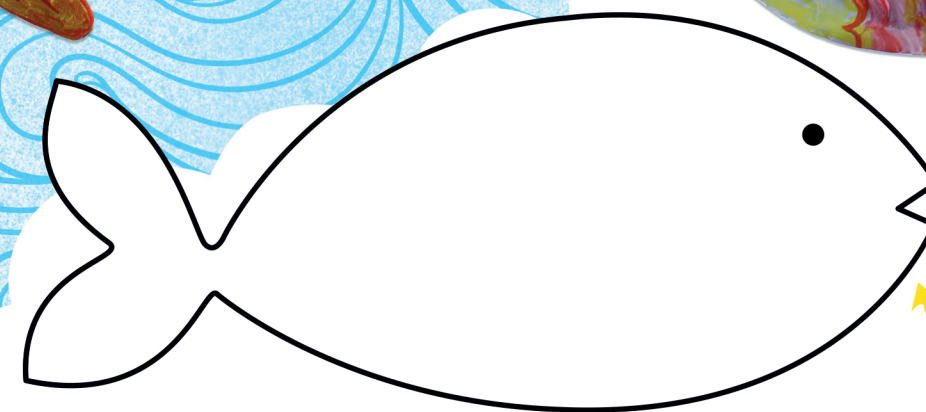

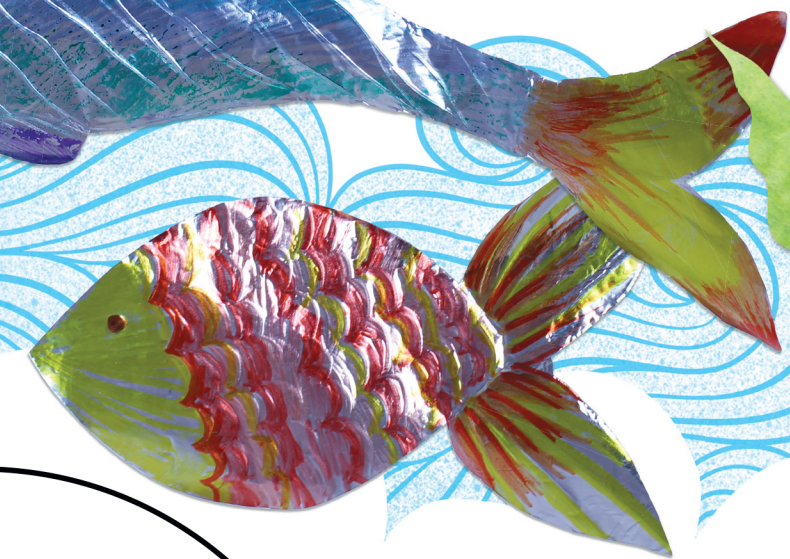

2 Use the colouring pens to colour in the fish. Add different patterns, such as spots and scales.

3 Use a blunt pencil to emboss a pattern into the coloured fish. You could try a criss-cross or scales effect.

4 To finish, cut out your fish.

Use a pencil to draw your own fishy pattern on the fish.
