I know a... recipe.

Let's make... Walrus Cupcekes

You could either bake your own cupcakes, or just decorate some you've bought!

chocolate

chip

## You will need:

- cupcakes/ready-made miX
- chocolate chips mini marshmallows
- white chocolate buttons
- chocolate icing an adult helper

mini marshmallow

If you're making your own cupcakes, ask an adult to help you follow the recipe. Allow time to cool, then add your chocolate icing on top.

Push two white mini marshmallows into the icing for the eyes.

Press a chocolate chip into each white marshmallow for the pupils.

Pop a chocolate chip on the middle for the walrus's nose. You could also sprinkle desiccated coconut<sup>\*</sup> across the nose to look like the whiskers.

Break a white chocolate button in half, and pop underneath the nose, for the walrus's tusks.

\* Allergy advice: May not be suitable for nut allergy sufferers.

## Join the Smart Squad!

Send us a photo of your child with their walrus cupcakes to iknow@redan.com for a chance to appear in the magazine and win a prize!

## Walrus facts!

Their latin name, Odobenus Rosmarus means tooth-walking sea horse.

A male is called a **bull**, a female is a cow, and a baby is a calf.

Walruses can survive temperatures as low as -35° Celsius!

A walrus can eat 3000-6000 sea shells at one time.

Their tusks can be as long as **90 centimetres** for males. They use them to fight other bulls.
