2 Divide the mixture evenly between all the cupcake cases. Place your tray in the oven and bake for 18 minutes or until all cupcakes are golden in colour. Then leave the cupcakes to cool.

3 Mix together your icing sugar and remaining butter. Then add a few drops of food colouring. Fill a piping bag and swirl the icing on top of your cupcakes.

4 Twist 2 small pieces of fondant icing into a cone for the horn. Then cut out the ears and decorate with edible glitter.
